## Fun & Flirty Halloween!

### Boo--tiful Bride

#### Supplies:

- White satin fabric for top, 1 yard
- White chiffon fabric for skirt, 1 ½ yards
- White lining for skirt, 1 ½ yards
- White Tulle Netting for underskirt, yards
- White cotton fabric for underskirt, ½ yard
- White Tulle Netting for headpiece and bodice trim, 1 ¾ yards
- ¾" non-roll elastic, 2 yards
- 1" wide lace for garter, 1 yard
- 5/8" satin ribbon for garter, 1 yard
- 3/8" elastic, ½ yard
- VELCRO® brand Soft and Flexible Sew On hook and loop fastener, 1 package white
- VELCRO® brand Home Décor hook and loop fastener, 6" white
- VELCRO® brand hook and loop fasteners, Sticky Back™ squares, white
- VELCRO® brand mask kit-base, or craft store mask base
- Assorted clear gemstones
- Plastic headband for headpiece, 1 ½" wide
- 1 sheet white fun foam for mask and headpiece
- Scraps of black fun foam
- Silver glitter spray
- Gathered lace trim for mask, 1 yard
- Sequins by the yard, silver, 1 yard
- plastic lid
- Craft glue

#### Bride Top:

##### Cutting:

- Cut all top pieces from white satin-like fabric.

##### Construction:

Follow basic top instructions. After completing top, apply VELCRO® brand Soft and Flexible Sew On hook and loop fastener to back for closure.

Add this embellishment to top front.

- Create stencil for desired jewel layout and application.
- On a piece of tulle, glue jewels in desired layout. Use a piece of plastic wrap under tulle to catch glue. Once dry, pull away gently from plastic wrap, cut excess tulle around outside of jewel layout.
- Hand-tack jeweled tulle embellishment piece to upper bodice. Just a few tack stitches will hold it in place.

##### Optional neck strap:

- Cut strip from chiffon fabric, width of fabric x 3". Cut strip in ½ creating two strap pieces. Fold each strip in ½ lengthwise. Stitch ½" from raw edges, leaving one end open on each to turn.
- Trim corners, turn straps right side out. Attach both raw ends to inside center front upper edge of top. Stitch in place then tie at neck.

### Boo--tiful Bride Page 2

(Continued)

#### Bride Skirt & Underskirt:

Cutting:

- Cut 1 skirt from white chiffon and 1 skirt from white lining. Cut tulle and cotton for underskirt.

Construction: Follow basic skirt instructions for the chiffon skirt, the white lining skirt, and basic tulle underskirt. After completing each skirt apply VELCRO® brand Soft and Flexible Sew On hook and loop fastener to back for closure, then:

- Layer chiffon skirt over white lining skirt. Gather up both layers slightly off center and pin thru with brooch (see below).

#### Bride Brooch

- Cut a circle 3" in diameter from clear plastic (a plastic lid is perfect). Cut 2" x 10" strip of tulle. Baste one length of tulle, pull to gather, forming a circle. Glue tulle piece onto plastic base. Glue jewels on top of tulle in desired pattern. Attach pin back with glue

#### Bride Garter

- Measure around upper leg – Cut elastic 1" longer. Cut length of lace and ribbon double measurement of leg. Fold ends of ribbon in 1/2", stitch ribbon to lace, centering ribbon through length of lace, stitch close to each long edge.
- Place ends of lace right sides together, stitch to secure, taking care not to catch ribbon folded ends. Insert elastic in ribbon opening. Overlap elastic ends and stitch to secure.

#### Bride Headpiece

- Cut piece from white fun foam tracing headband shape. Glue foam piece to headband. Attach 6" of VELCRO® brand Home Décor, hook side of fastener, center and stick in place.
- Cut a piece of tulle 15" wide x 60" long. Baste along raw edge of tulle, then gather. Fit gathered tulle to 6" strip of VELCRO® brand Home Décor, placing on wrong side of loop side of fastener. Stitch gathered tulle in place to secure. Attach tulle piece to headband securing the hook and loop fastener.

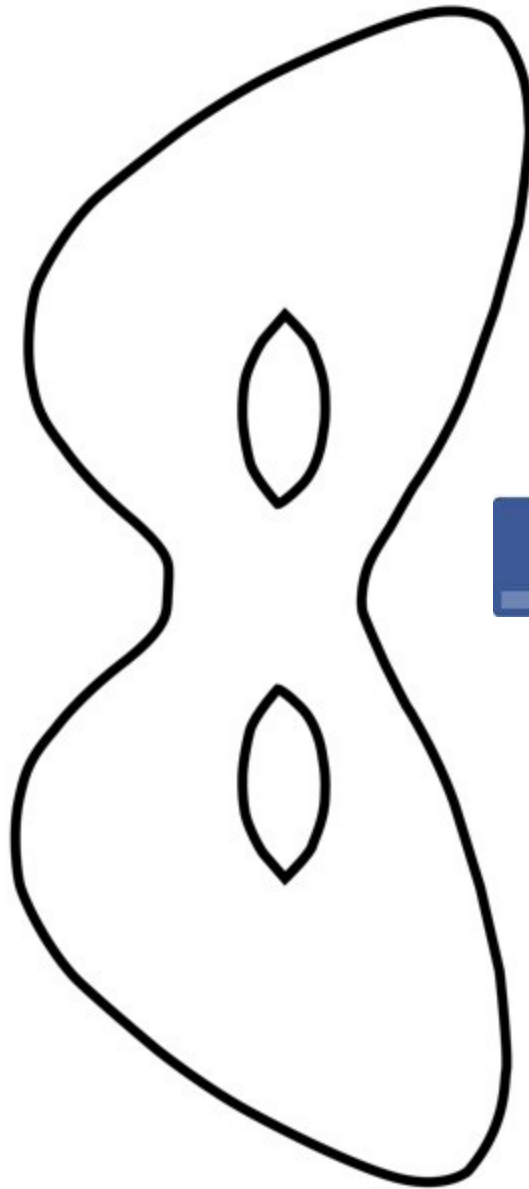

#### Bride Mask

- Trace mask pattern on white foam then cut out. Spray foam piece with silver glitter spray. Cut out foam lashes and glue in place.
- Apply lace trim all along edges. Outline mask next to lace trim with sequins, glue in place.
- Apply VELCRO® brand hook and loop fastener, Sticky Back™ squares, hook side to back of foam mask, attach to VELCRO® mask base, or craft store mask base.
